Dear Stratego players,

for a third time I am pleased to invite the entire Stratego community to Germany for the 16<sup>th</sup> World Championship of Stratego.

And for a 2<sup>d</sup> time - after 12 years - you can meet the true stratego community beside a lot of new players and old friends in Berlin again.

We tried our best to find a nice location for presenting Stratego as a serious Mind sport and after all the years I am very clear about one fact: **Stratego is a 100% Mind sport!**

And there is also no doubt that a WC is the ultimate arena for all players. The young at heart players have to show all their experience and the young wild ones must proof if their strategies are successful. But echoing through the halls of personal memory of all WC's I am sure that we will hear new stories, celebrate new heroes and see thrilling games. But last not least never forget the one-two unexpected players who play the tourney of their life.

In addition we should not forget, that there are not many examples for a community which is so dedicated to their game. Since 1997 a small group of people - organized within the ISF - take care of the rules, ranking and offers great tournaments. Every player is requested to support our future by joining the event.

The WC Organisation Team in addition with our national Stratego association would be pleased by your attendance and wish lots of fun and success.

You're in the driver's seat and the world is watching. So let's get this party started.

The WC will be held according to the original Jumbo game rules, extended by the ISF game and tournament rules.

ISF-rules are available at the WC or at [www.isfstratego.com](http://www.isfstratego.com)

Every player who knows the basic Stratego rules is qualified to participate. These rules are explained before the tournament. We would recommend to visit a board tournament before or to play some games online.

- for a detailed tournament schedule visit: [www.stratego-verband.de](http://www.stratego-verband.de)

- for online games (free of charge) visit: [www.gravon.de](http://www.gravon.de) or [www.gravon.net](http://www.gravon.net)

Seniors play with old pieces - Juniors can choose between old or new pieces.

Everyone who is born in 1999 or later is a Junior. (<= 14 years old)

The WC is played according to the Swiss Perfect System. This means every participant plays all rounds of a tournament (no K.O. System, Seniors play Friday AND Saturday). Players play against participants of equal strength.

The best four players of each country qualify for the WC Team Competition.

For this, the result of the WC Seniors (Juniors) are taken into account.

All tournaments will be accompanied by a Organisation/Referee-Team. Their orders are binding for participants and spectators.

Spectators are welcome at all tournaments. We just ask not to disturb the course of the tournament and the concentration of the players.

### **Game time for Seniors:**

Setup time: 5 min. - playing time: 60 min. - time on the clock: 16:05  
(16 min. personal time for thinking / 5 seconds are free per move / after 60 min. the game ends in a draw)

### **Game time for Juniors:**
